### **Old Business:**

Picnic tables to be purchased and ready before football season.

Uniforms:

- Plan is to order varsity boys basketball uniforms. Kendra and Spencer met with 4 student athletes to help determine what to order
- Check sizing of elementary girls basketball before ordering
- CC and track to be determined later, order beginning of July.
- Turnaround time for ordering of uniforms was discussed, should be 4-6 weeks.

Golf Cart raffle ticket sales discussion. Total profit cleared was \$5,641.25.

Preferred Coupon Book for memberships: all athletes to sell this fall, \$25 each, return any unsold, what we don't return we have to purchase. No expectations from company for what we sell or do not sell, do with membership drive, advertise that we are selling them, coupons can be used beginning Sept. 1

Athletic Banquet -

- Spencer stated that there is no use of the facility at this time, Britney stated that Govt. may lift executive order for events such as this, but unsure at this time. Discussed Zoom as an option in addition to a montage to honor everyone involved.
- Sarah Myers shared that Nathan Myers as a coach would like the opportunity to communicate a message to players and families and that Cole, along with the seniors, would much appreciate the recognition.
- Britney stated that we could do the montage but it's work to put it together, live zoom with presenters (coaches), or videos from coaches, student athletes would appreciate anything to be recognized
- May 21 at 7 pm. Spencer will send email to coaches to prepare either to be live or have a recording ready. Try and have plaques ready to pick up at materials drop off day.
- Britney will include information about this in parent email
- Do we look into celebrating each sport after their specific season is over rather than just one night like we currently do as a nicer, bigger event. Discussion for another time.
